GETTING IN GEAR

Just like that September has come and gone! At this point we have hopefully fallen into our new school year routines. Just a few reminders to keep every class moving smoothly. First, be on time for classes. We know the after school schedule can be crazy, but arriving on time so students can go in at the beginning of class helps with focus and limits distractions for everyone. Second, using the bathroom before class. We want to make sure that every child is getting as much ECMS class time as possible. Bathroom breaks can lead to children missing activities or coming back into class confused about what is happening. Lastly, do the home fun assignments (for older children.) For ages 4 and up you should be receiving home assignments via email. These activities are not only a fun game for families, but also a way to enhance the classroom experience the children. If you have any questions or concerns about classes please feel free to call or email me or your teacher.

Sincerely,
Anthony Kouri Williams

POLICY REMINDER

We are all really excited about our brand new playground! I would like to remind everyone that during the Kids Morning Out operating hours (9:00 am-12:00 pm) the playground area is reserved for their program only. For evening classes the playground is open. We do ask that children are supervised at all times and that parents still need to be in the waiting room or on 3rd floor so our staff can release them to their grown ups. Other than that enjoy and have a blast!

IMPORTANT DATES

Tuesday, October 15th 2nd Installment for tuition due

Saturday, October 19th William and Mary Parking Lot Fundraiser (Elliot's Song)

Thursday, October 31st No Evening Classes
Halloween

Friday, November 1st Make-up evening for Halloween
